60/90 Day Guidance

This addresses the question of State Agencies allowing more than one exception to the 60/90 day claim submission deadline for sponsors who operate more than one type of program.

At the time the original 60/90 Day Guidance was written, the question of a sponsor administering more than one program was not addressed. In practice, a sponsor can operate three types of programs: School, Child and Adult Care, and Summer Food Service.

Since a sponsor which operates more than one of the programs may staff each program separately and the Child and Adult Care Program and/or Summer Food Service Program may be administered by an alternate State Agency or a regional office, it would be impractical to limit the one-time exception to one per sponsor. Therefore, the policy is now amended to allow a sponsor to receive a one-time exception for each of the three types of programs cited above. For example, a school food authority administering the National School Lunch Program and the Summer Food Service Program could receive a one-time exception for each of these two programs.
